Meeting room location updated to Chinook.

Dear ET Ag Subgroup,

The next **ET Ag Subgroup meeting is Thursday from 3 to 4 pm**. A ***revised*** agenda is attached. Jana Compton and Susanna Pearlstein from ORD and Alan Henning from Region 10 will be presenting on the Willamette Valley nitrogen efficiency project- this is an exciting success story about EPA working collaboratively with farmers to improve their fertilizer practices in the Willamette Valley Groundwater Management Area. This work is funded (in part) by a Region 10 RARE grant and was recently highlighted at the national Farm Ranch and Rural Communities FACA's soil health working group.

I've added a larger conference line, and an Adobe Connect link so you can view the Willamette Valley presentation.

Phone: Ex. 6 - Personal Privacy

Code: Ex. 6 - Personal Privacy

Adobe Connect: Ex. 6 - Personal Privacy

I am also including slightly revised **notes from Dennis' March 18 call with the Directors of Agriculture** from Washington, Oregon, and Idaho. Dennis and Lucy have provided updates since I originally sent these notes out. I will be sharing these notes with the State Ag Directors, so please let me know ASAP if anything needs to be changed.

Thanks so much,

Catherine Gockel MS, MPA
Acting Agriculture Advisor - Pacific Northwest
Office of Water & Watersheds
EPA Region 10
